REPORTS DEALING WITH STEEL-PRODUCTION PROBLEMS IN THE GDR (13 pp; German; [REDACTED] date of
25X1A info: [REDACTED] document distributed on 25 November
25X1X 1952)

[REDACTED]

This document consists of two reports dealing with steel production problems in the GDR, as follows:

1) A 10-page report, published by the Weimar Publishing House, belonging to the VVV (Federation of People-Owned Publishing Houses), and prepared by the Ministry of Metallurgy and Ore-Mining, on a meeting of GDR steel workers and steel-plant officials, which was held on [REDACTED] 1952 at the Groeditz VEB (People-Owned Enterprise) Steel Rolling Mill. The purpose of the meeting was the exchange of experience with regard to steel-production processes and problems by representatives of the various GDR steel mills.

25X1A 2) A 3-page [REDACTED] copy of a typewritten report, dated 14 August 1952 and prepared by the Ministry of Metallurgy and Ore-Mining, on the resolutions of the Ministerial Council, as of 24 April 1952, for the improvement of the quantity and quality of steel products manufactured in GDR steel plants. These resolutions were based on a study made by a commission which was established to make recommendations on the accomplishment of the major tasks of the metallurgical industry.
